

# CARROLL GARDENS IS BEST BY FAR

## Your Source Of Supply

## For A More Colorful And Lovelier Garden In '55

# CARROLL GARDENS Westminster Maryland

### YES, THIS SPRING PLANT CARROLL GARDENS

Hardy perennials, shrubs, roses, bulbs, vines, etc., and you not only will have a lovelier garden for '55, but for many years to come. Backed by over 30 years of practical experience, and the usual reliable Carroll Gardens guarantee.

### NO NEW CATALOGUES WILL BE ISSUED THIS YEAR

Why not save and order from our last year's catalogues, all prices remain the same, and of course always remember that when you order any nursery stock from Carroll Gardens, you are assured of getting the very finest in quality and varieties whether they are Rose bushes, Perennial plants, Shrubs, Vines, or Bulbs, you must be satisfied.

Send your order early and be assured of getting the varieties you want, before some of them will be sold out. All plants will be shipped to you at proper planting time for your locality.

### ORDER NOW SAVE 10%

Yes, you can save 10c on each \$1.00 of the total amount of your order, if you mail your order early.

This very generous discount applies to this Circular and, also, to any items you order from last year's Catalogues.

### ROSES TO PLANT THIS SPRING

Carroll Gardens roses are superior in quality, superior in varieties, and superiorly packed to reach you in fresh and healthy condition. Guaranteed to grow and bloom this summer, except climbers, which seldom bloom the first year, but are absolutely guaranteed to grow and bloom next year.

A complete list has been mailed to all the customers who bought roses from us in previous years. If you have not received, or have misplaced your copy, drop us a postcard, and we will be glad to mail you another. Do it now while the complete selection is still available.

### IN THIS CIRCULAR WE ARE OFFERING ONLY A FEW SPECIAL ITEMS

Of course, hundreds of other varieties of perennials, bulbs, shrubs, roses, etc., can be found in our last year's Catalogues. Also large specimen plants for landscape use, and a complete line of annual plants are available to our local customers who can call for them at our place.

### BEAUTIFUL NEW HARDY CHRYSANTHEMUMS FOR 1955. FIRST TIME OFFERED.

For something unusual and colorful in your garden next fall, plant some of these outstanding novelties this spring. All varieties at the same price, \$1.00 each; any 3 for \$2.75, any 6 for \$5.00; any 12 for \$9.00; your selection.

**ALPENA**—A beautiful new red with medium size double decorative blooms. Sturdy grower, medium height, about 2 ft. In bloom about Sept. 25.

**GARDENIA**—A fine white with large decorative blooms. Bushy growth, about 2 ft. high. In bloom about Oct. 1.

**HONEYSWEET**—Large incurved flowers of golden-yellow. Plants are medium height, 2 ft. high. In bloom about Oct. 15.

**NORTHERN QUEEN**—Double decorative blooms of a beautiful lavender. Plants are of sturdy growth and medium height, about 2 ft. In bloom about October 5.

**CHIPPA RED**—Where Chippewa thrives, Chippa Red will shine in double luster. A brilliant, heartwarming Turkey red to maroon sport of that noted early bird. Same fluffy sprays, mid-September bloom etc.—but clad in far more eye-catching colors. Outsell Chippewa two to one.

**JOYOUS**—Compact semi-cushion, 18 to 24 inches tall, loaded with droves of cherry pink double flowers. 2½ inch blossom, well formed, of animated rose pink with golden flushes at center. Mass display of clear sparkle attracts trade from Sept. 28 on.

**NEW MARJORIE MILLS**—One of the earliest double reds, often in good flower by Sept. 12. Well-rounded 2½ in. blooms of rich ruby red, on restrained 18-24 in. bush. Probably well-suited for areas of short mum seasons.

**SPELLBINDER**—Huge, fluffy 3½ in. blossoms of liquidly smooth canary to butter yellow slightly recurved. Cuts nicely on supple 2-2½ ft. stems. Best favored for northern sections. Sept. 25.

**VERY SPECIAL OFFER NO. 5S-10 1 EACH OF THE 8 1955 NOVELTIES FOR \$6.00.**

## Shrubs That Are Colorful And Easy To Grow In Your Garden

### BUTTERFLY-BUSH (Buddleia; Summer Lilac)

These shrubs are easy to grow in any soil in a sunny location. They bloom all summer. The plants should be cut down to the ground every year in early spring.

**DAYBREAK**—A lovely new variety of delicate lavender-pink.

**EMPIRE BLUE**—Plant Pat. 557. Deep blue with a delicate lilac tone.

**FASCINATING**—Dainty orchid.

**ILE DE FRANCE** — Bright rosy purple, suffused violet. Blooms freely.

\$1.00 each; any 3 for \$2.50; any 6 for \$4.50; any 12 for \$8.50.

**ORCHID BEAUTY** — Well-formed spikes of bloom; delicate fragrance.

**ROYAL RED**—Plant Pat. 556. The closest approach to red yet achieved in Buddleias.

**WHITE CLOUD** — A very choice white flowered variety.

### ENGLISH BOXWOOD

**BUXUS SUFFRUTICOSA (NANA)**—The true dwarf English Boxwood used for hedging. Bushy plants 4 to 6 inches high, 6 for \$2.75; 12 for \$5.00; 25 for \$9.50; 50 for \$17.50; 100 for \$32.50.

### ABELIA (Bush Arbutus)

**GRANDIFLORA**—Useful in foundation plantings and mixed with other shrubs and evergreens. Flowers are white, flushed pink. Glossy evergreen foliage. Blooms from June to November. A very popular Evergreen Shrub, it will grow to 5 to 6 ft. but can be pruned to desired height and form, strong 10-15 in. plants \$1.00 each; 2 for \$1.75; 3 for \$2.50.

### BLUE MIST SPIREA

**CARYOPTERIS (Blue Mist)**—Clusters of powdery blue fringed flowers, August to frost. Perfectly hardy. A very attractive late summer blooming shrub of medium height. Excellent for cutflower use. 2-year-old plants, \$1.50 each; 3 for \$4.00.

### NEW PINK PEPPERBUSH or Clethra Alnifolia Rosea

**SWEET PEPPERBUSH**—The Pepperbush is a compact, neat plant with many slender, upright branches, rarely over 4 to 5 feet high. Each branch is topped with fingerlike clusters of small, deliciously scented pink flowers. To many people, the fragrance is reminiscent of pepper, hence its name. This is a very fine and useful shrub, especially for low moist places or damp woodland conditions. It grows equally well in full sun or shade. Here is the rare pink form of the much loved white Pepperbush, giving bloom when most needed in late summer and early autumn, with fine dark green foliage to boot. Nice 2-year potted plants, 12-18 in. high, \$1.50 each.

### CRAPE-MYRTLE, William Toovey

The finest of all Crape-Myrtles. Neat and compact in growth, with a mass of beautiful deep watermelon-red flowers in large heads. A prolific bloomer of a most arresting color. Will reach a height of 15 feet at maturity. Nice plants, 18 to 24 in. high, \$1.50 each; 2 for \$2.75.

**CRAPE-MYRTLES**—also available in PINK, RED, LAVENDER, PURPLE. All four colors, 18 to 24-in. plants, \$1.50 each; any 3 for \$4.00.

### CYDONIA (Flowering Quince) New Varieties

**JULIET**—Lovely coral-pink. 15 to 18 in., \$1.75 each; 3 for \$4.50.

**VERMILION**—Brilliant red flowers cover the branches. Grows 5 to 6 feet in height and as much across at maturity. Early spring bloom. 18 to 24 in., \$2.00 each; 3 for \$5.00.

### The Rare FRANKLINIA alatamaha

Fragrant, white flowers. Foliage glossy green, turning scarlet in the fall. Blooms from mid-August until frost. Prefers rather light soil and a sunny location. Will grow to 15 feet in height at maturity. Nice 3-yr. plants, 18 in. high, \$3.25 each, 2 for \$5.75.

### NEW FORSYTHIA

**LYNWOOD GOLD**—Without question, the finest new Forsythia.

The upright branches are literally smothered under golden yellow flowers. Individual blooms are better and fuller in form as well as of greater substance. For a magnificent show of golden yellow, there is nothing better. Superb for cutting and flowering in the house during the winter. Ultimate height 5 to 7 feet. 2 to 3-ft. plants, \$2.00 each; 3 for \$5.00.

**SPRING GLORY**—A lovely pale yellow variety, a sight not easily forgotten. Large, pale yellow flowers cover the branches in such masses that they literally bend with the weight. The individual flowers are larger and much more beautiful than any of the common Forsythias. The erect bush attains a height of 6 to 10 feet. 2 to 3-ft. plants, \$1.50 each; 3 for \$4.00.

### HYPERICUM (St. John's Wort)

**HIDCOTE VARIETY**—A choice low growing shrub for all summer bloom, the flowers are waxy golden yellow, cup shaped and are produced rather freely during summer months, grows only 18 to 24 in. high, blooming size 2 year plants \$1.00 each; 3 for \$2.50; 6 or more 75c each.

### NEW GIANT HIBISCUS (Hybrid Mallow)

**ANNIE J. HEMMING**—Plant Pat. 835. A shrub with huge, 6 to 7-inch blooms of brilliant cerise-red. As many as two hundred flowers are produced in a season when the plant is well established. Grows 4 to 6 feet tall and blooms continuously from July to September. The tops die down to the ground every winter, but they come back every spring and grow 5 feet or more in a season. Easy to grow in any ordinary garden soil. It is hardy in Baltimore and southward, and even farther north with some winter protection. Originated by Sam Hemming of Easton, Md. Strong, 2-yr., blooming-size plants at a new low price: \$4.00 each; 2 for \$7.50.

### FRAGRANT SNOWBALL

**VIBURNUM BURKWOODI**—Flower heads unusually large and deliciously fragrant. Makes a fine specimen plant 6 to 8 feet tall. Blooms May-June. 8 to 12-in. plants, \$1.00 each.

### POTENTILLA (Lemon Drop)

One of the loveliest low-growing shrubs. The very attractive, lemon-yellow flowers are produced freely from spring to fall. It grows only 2 to 3 feet high and can be kept lower by pruning. Easy to grow in any soil, in sun or partial shade. strong, 2-yr.-old, blooming-size plants, \$1.50 each; 3 for \$4.00.

# Shrubs With Berries For Fall And Winter Use

## AMERICAN HOLLY

A well-known native American tree with handsome evergreen foliage and showy red berries from early fall to the following spring. It grows in ordinary soil in sun or partial shade. Strong; sure to grow, female, 3-in. pot plants, 8 to 10 in. high, \$1.25 each; 2 for \$2.25; 3 for \$3.25.

**MALE VARIETY**—Same size and price as the female. Unless there are Holly trees growing in some of your neighbors' gardens, it is best to plant both female and male.

## CHINESE HOLLY

**ILEX CORNUTA BURFORDI**—A truly handsome evergreen shrub. Glossy evergreen foliage; large, orange-red berries all winter. White flowers in the spring. Recommended for warmer areas; hardy in Maryland. Plant in sun or part shade. 6 to 8 ft. Nice 3-in. pot plants, \$1.25 each; 3 for \$3.25.

## ENGLISH HOLLY

**AQUIFOLIUM**—The well-known English Holly. Very glossy leaves, with large, triangular spiny teeth. Fruit bright red. A hardy strain. 3-in. pot plants, \$1.25 each.

**AQUIFOLIUM AUREUM**—The leaves are a blend of green and yellow, splashed from center to edge; most attractive. Fruit is red. 3-in. pot plants, \$2.50 each.

**AQUIFOLIUM, MALE**—Used to pollinate female varieties. Good foliage. 3-in. pot plants, \$2.50 each.

**AQUIFOLIUM, SILVER LEAF**—The darker green center with bright silver-edged leaves makes this a handsome Holly. 3-in. pot plants, \$2.50 each.

## CALLICARPA (Beauty-berry)

**PURPUREA (Chinese Beauty-berry)**—Pinkish flowers followed by violet-blue berries from September to December. 4 ft. 2-ft. plants, \$1.50 each; 3 for \$4.00.

## COTONEASTER (Rock Spray; Quinceberry)

**SALICIFOLIA (Willow-leaf Cotoneaster)**—Evergreen, graceful, drooping branches. White flowers in May and June. Brilliant red berries from October until the following April. Branches are excellent to cut for winter decoration in the house. 5 ft. Strong 3-in. pot plants, \$1.00 each; 3 for \$2.75.

## NANDINA

**DOMESTICA**—Very interesting, upright-growing shrub. The most handsome foliage turning red in the fall, with clusters of large berries from fall to spring. Height at maturity 5 to 8 feet. 4-yr. plants, about 18 to 24 in. high, \$2.50 each.

## PYRACANTHA (Firethorn)

Showy evergreen shrubs covered with white flowers in the spring, followed by brilliant berries in the fall and winter. They can be grown as a shrub or trained against a wall. A sunny location is best. Height 6 to 10 feet.

**COCCINEA LALANDI**—Orange berries. Nice 3-in. pot plants, 12 to 15 in., \$1.00 each; 3 for \$2.50.

**CRENATO-SERRATA**—Red berries. Nice 3-in. pot plants, 12 to 15 in., \$1.25 each; 3 for \$3.00.

**SPECIAL**—One each of the two for \$2.00.

**GLOSSY EVERGREEN PRIVET. (Ligustrum Lucidum)** A strong growing evergreen shrub with very attractive large shiny leaves, with white flowers in early spring, followed with black berries in the fall. Will grow to about 5 ft. in height if left untrimmed; however, it can be pruned to a simatrical bushy plant, as well as a hedge. Strong 3 inch potted plants which are sure to grow, at the very low price of \$1.00 each; 3 for \$2.75; 6 for \$5.00. Special quantity price for those who wish to plant them as a hedge, \$75.00 per 100, 25 or more at the hundred rate.

## USEFUL BLUEBERRIES

Cultivated Blueberries are hardy shrubs of rare beauty.

**CABOT**—Very early. A broad, low bush 3 feet tall. New growth in winter is light red over olive. Large berries with a delicious subacid flavor.

**CONCORD**—Over 6 feet tall. The young growth is bright red in winter. Large berries, earlier than Rubel. Very fine flavor.

**JERSEY**—Very large, vigorous bush. The winter color of the young growth is light red over golden brown. The light blue berries are among the very largest and ripen with Rubel.

**JUNE**—A little earlier than Cabot. Berry is large, medium blue, sweet and delicious when fully ripe.

**PIONEER**—About a week later than Cabot. The bushes are stocky, seldom exceeding 4 feet in height, broad rather than high. Stems are stout and stiff, and the winter color of the new growth is a delightful red. Heavy crops of berries close set in the cluster, fine flavor.

**RANCOCAS**—Slender, vigorous, upright, habit, rarely over 5 feet tall. The winter twigs are dark red. Berries are larger than those of Rubel and begin to ripen several days earlier.

**RUBEL**—A vigorous, productive variety. Bushes stand 6 feet high, and the winter color of the young wood is rich red. The large berries are usually ready the first week in July.

For best results, plant not less than 3 plants of 3 different kinds. Strong, 3-year-old plants, 3 for \$4.50; 6 for \$8.00; 12 for \$15.00.

## TWO BEST GARDEN AIDS

To help you have healthier and lovelier flowers and vegetables this year. We have thoroughly tested both of these products for several years, and recommend them highly.

### COMPLETE DIRECTION ON PACKAGES

**DUPONT FLORAL DUST**—Can be used as a dust, or diluted in water and used as a spray for easy full season use on roses, other flowers, and vegetables. Four chemicals combined to control bugs and diseases. Gardening is easier with a product so safe that it can be used on tenderest blooms for prevention of attack by insects and diseases yet powerful enough to control the most severe attack. 8 oz. gun 98¢; 1 lb. can \$1.25; 3 lb. bag \$2.75

**DUPONT SOLUBLE PLANT FOOD**—For gardens, lawns, house plants. Fast-acting, feeds thru leaves or roots. Here's a new 'spray-on' plant food which can be applied to foliage or to the soil. It is a high strength (19-22-16), general purpose fertilizer, readily soluble in water, and quickly stimulates plant growth. 6 oz. 69¢; 4 lb. bag \$3.50; 1½ lb. can \$1.95.

## Beautiful Small Flowering Trees FOR THAT CHOICE SPOT IN YOUR LAWN

### EVERGREEN MAGNOLIA (*Grandiflora*)

The handsome evergreen Magnolia of the South. A beautiful pyramidal tree attaining a height of 40 feet or more. The very large, thick, evergreen leaves are lustrous above and rusty beneath. The cupped, white flowers are 6 to 8 inches across and have a lemon odor. The Southern Magnolia prefers being on high rather than low ground; it must be moist but well drained. Hardy in Maryland and southward. Nice healthy plants, 12 to 15 in., \$2.00 each; 2 for \$3.50; 3 for \$5.00.

### ORIENTAL MAGNOLIAS

Some of the most beautiful flowering trees in the world belong to this group of deciduous Magnolias. Most of them are hardy in nearly all parts of the United States.

**GLAUCA** (*Sweet Bay Magnolia*)—Large, sweet-scented, creamy white blooms sparingly produced from June to August. Glossy, rather grayish foliage. In the South this is evergreen; in other places it sheds its leaves in winter. An attractive ornamental shrub growing 8 to 12 feet high. Prefers a moist location. 12-18 in. plants. \$1.50 each.

**LILIFLORA** (*obovata*)—Tulip-shaped, large, purplish pink flowers before the leaves appear. Many stems from the ground, making a large bush. 12-18 in. plants. \$1.50 each.

**SOULANGEANA**—A small tree with large, 9-petaled, pinkish flowers before the leaves come in the spring. 12-18 in. plants. \$1.50 each.

**SOULANGEANA LENNEI**—Leaves are much larger than those of *Soulangeana*. Cup-shaped, larger, bold flowers, which open later. Deep reddish purple outside and white inside. Very choice. 3-yr. plants, 12 to 18 in. high, \$3.50 each.

**STELLATA** (*Star Magnolia*)—A dwarf grower, seldom reaching a height of more than 10 feet, and producing numerous delicate pinkish white, waterlily-like flowers early in spring. 4-yr. plants, 18 in. high, \$3.50 each; 2 for \$6.00.

### PURPLE-LEAF PLUM (*Newport*)

A handsome, semi-dwarf ornamental tree with bright bronzy red leaves, pink flowers and small red fruit. Grows 8 to 10 feet tall. Nice, well-developed trees, 4 to 5 ft. high, \$3.50 each;

### JAPANESE FLOWERING CHERRY (*Kwanzan*)

A most attractive small tree. The flowers are large, double, deep pink. Grows 15 to 25 feet tall. Nice, well-developed young trees, 3 to 4 ft. high, \$3.50 each; 2 for \$6.50.

### GOLDEN CHAIN TREE (*Laburnum Vossii*)

Small, tree-like shrub with flowers of pure golden yellow formed exactly like those of wisteria. The hanging clusters attain as much as 18 to 20 inches in length. Height at maturity about 15 to 25 feet. Truly spectacular when in bloom in May-June. Nice 2 to 3 ft. trees. \$3.00 each; 2 for \$5.00.

### PINK DOGWOOD (*Cornus florida rubra*)

Everybody's favorite. Beautiful planted at the edge of woods or as a specimen on the lawn. We are fortunate to be able to offer this spring nice young, well-developed trees, 2 to 3 ft. high, \$3.50 each; 2 for \$6.50; 3 for \$9.25.

### WHITE DOGWOOD (*Cornus florida*)

The popular white form. 2 to 3-ft. plants, \$2.25 each.

### JAPANESE RED LEAF MAPLE

A small tree popular as a lawn specimen. Reaches a height of 12 to 20 feet at maturity. Nice 3-yr. plants, 12 to 18 in. high, \$3.00 each; 2 for \$5.75.

### NEW RED-LEAF PEACH

#### Beautiful in Flower-Color-Foliage-and Fruit

Something entirely new—a lovely ornamental tree for your lawn, producing an abundance of edible fruit. The tree is most outstanding with its red foliage which creates a pleasing contrast with the green of the lawn. The color is bright red in spring, stays red all summer, and changes to deep maroon in the fall. Deep rose blossoms cover the tree in early spring, creating a most colorful picture.

During summer and fall the tree is loaded with a crop of small, perfectly round edible Peaches about 1½ inches in diameter, colored red all over the fruit. The flesh is white with a delicious sweet flavor. The tree grows around 8 to 10 ft. tall at maturity.

This is an entirely new tree and our supply is limited. Please order early. 3 to 4 ft. trees \$2.50 each; 2 for \$4.50.

### DOUBLE FLOWERING PEACH

Beautiful small-flowering trees attaining a height of 10 to 15 feet and covered with showy double flowers in spring.

**YOUR CHOICE**—Double Red, Double White, Double Pink. Nice, well-developed trees, 2½ to 3 ft. height. \$2.50 each; any 2 for \$4.50.

### FLOWERING CRABS

Handsome small trees for your lawn, bearing beautiful flowers in the spring, followed by brilliant, berry-like small fruit till fall, plus shade for summer comfort. Easy to grow in any soil, preferably in a sunny location.

Healthy young trees, 4 to 5 ft. high, \$2.75 each; any 2 for \$5.00; any 4 for \$9.00.

**BECHTEL CRAB**—Double pink blooms like a rose. Fragrant.

**HOPA CRAB**—Brilliant deep pink flowers. Red fruit

**PURPLE CRAB** (*Floribunda purpurea*)—Flowers red, fading to pink. Red and yellow fruit.

**RED VEIN CRAB** (*Niedzwetskyana*)—Single red flowers. Red fruit.

**SCHEIDECKER CRAB**—Flowers semi-double; buds red, opening pink. Yellow fruit.

### HYBRID FRENCH LILACS

Beautiful forms improved in color, size of flowers and free blooming habit. All bear the familiar old-fashioned Lilac fragrance. Lilacs do best planted in good average soil which is not acid. An occasional feeding of bonemeal and cow manure is about all they need. A sunny location is preferred.

**CONGO**—Single; red.

**MME. LEMOINE**—Double; white.

**MARIE LEGRAYE**—Single white.

**PRES. GREVY**—Double; lilac-pink.

**MME. F. MOREL**—Single; deep pink-lilac.

**PRES. POINCARE**—Double; clear red-purple.

Well-developed, 3-yr. plants about 2 ft. high, \$2.00 each; any 3 for \$5.00; any 6 for \$9.50.

## Choice Shrubs For Acid Soil

### NEW HARDY CAMELLIA SASANQUA AS EASY TO GROW AS AZALEA

One of the newer and finest of all the broad-leaved evergreens. Similar to the ever-popular *Camellia japonica* of the South, but looser and faster growing. Plants bloom profusely from the latter part of September through November. Sasanquas can be grown without protection from the vicinity of Baltimore southward and in other warm sections. They are easily grown in soils and locations suitable for azaleas.

**ANNETTE**—A two-toned variety, similar to Cinderella but more dense in growth and a much deeper shade of pink.

**BENI KANT SUBAKI** (Shishi Gashira)—Double, red flowers of good size. Growth and leaf characteristics more like the Japonica type. An excellent grower.

**BRILLIANCE**—Single flower with 7 or 8 petals of light rose-pink. Very compact, upright grower.

**CINDERELLA**—Rather dense, rapid grower of pyramidal habit, with handsome, single, two-toned flowers which are white in center and shade to pink at the ends of the petals.

**DAWN**—Hardest of all Sasanquas. Blooms withstand the severest freezes. Buds are perfect when other varieties are frozen. Semi-double; ivory-white with flesh-pink at the margins of the petals. Compact and symmetrical in shape.

**DAYDREAM**—Quite large single to semi-double white flowers with pink edges. One of the better new ones.

**HINODEGUMO**—Large single flower with 8 or 9 petals which are wavy and crep-like in texture. White with pink edge.

**MAIDEN BLUSH**—Single; clear pink. Fast, compact grower.

**MINE-NO-YUKI**—(Snow-on-the-Mountain)—Large double, white flowers resemble a carnation and are borne in such profusion as to literally cover the entire plant.

**OLEIFERA** (Covington)—Very large white edged rose crinkled petals. Very fast grower.

**RUBRA SIMPLEX**—Single red flowers. Very good grower.

**USU BENI**—Double flowers of soft orchid-pink, with some white variegation. Leaves unusually dark green and crenulated.

Any above Varieties all strong plants, 3-in. pots, 12 to 15 in. high, \$1.50 each; 3 for \$4.00; 6 for \$7.00; 12 for \$12.50.

### 6 SPECIALLY SELECTED VARIETIES 3 DOUBLES                      3 SINGLES

Double Pink (Usu Beni)

Single Pink (Maiden Blush)

Double White (Mine-No-Yuki)

Single Red (Rubra Simplex)

Double Red (Kan Tsubaki)

Single White Tinted Pink (Oleifera)

Special one each of the  
3 for \$3.75.

Special one each of the  
3 for \$3.75.

Very Special Offer

All 6, 3 Doubles and 3 Singles for only \$6.50.

### LILAC DAPHNE (Daphne Genkwa)

Rare and easy to grow. A very lovely and unusual deciduous shrub completely covered with lilac-blue flowers in the very early spring before the leaves appear. At maturity it will grow about 3 ft. in height, and it is easy to grow in any well drained soil and sunny location. Strong 2 year old, 3 inch potted plants. \$1.50 each; 3 for \$4.00.

### AZALEA MOLLIS HYBRIDS (Rare Colors)

The color range is through innumerable shades of orange, flame, yellow and salmon-orange of the most brilliant hues. Unlike all other Azaleas, it is quite tolerant of lime and does well most anywhere. It is very hardy; ten degrees below zero does not affect the flower buds. A group of these in bloom in the foreground of the shrub border is a delightful sight. Average height of old plants about 3 to 5 feet. Mixed shades only.

Bushy, 8 to 12-in. plants, some with flowering buds, \$1.50 each; 3 for \$4.00; 6 for \$7.00. Bushy, 12 to 15-in. plants, covered with flower buds, \$2.50 each; 3 for \$7.00; 6 for \$12.50.

**AZALEA MOLLIS** (Selected yellow)—Nice bushy plants, well budded, 10 to 15 in. high, \$3.00 each; 3 for \$8.00.

**AZALEA PONTICUM YELLOW**—A matchless aristocrat of brilliant yellow, flowers in late May. Its thrilling, exciting sweet honeysuckle fragrance will never be forgotten. Blooms freely and will enliven all companion plants. Grows the same height as the Mollis. Bushy, well-budded plants, 10-15 in. high, \$3.00 each.

### EVERGREEN AZALEAS

We are proud of the Azaleas we offer this year. They are the finest in quality and at reasonable prices, too. All reach about the same height at maturity—2½ to 3½ feet. Azaleas require acid soil and prefer a partly shaded location. They are not recommended for colder areas than Long Island. These lovely evergreen Azaleas are available in the following varieties:

**CORAL BELLS**—Coral-pink. **HINODEGIRI**—Brilliant red.

**HEXE**—Very beautiful semi-double, large rose-red flowers. **SHERWOOD ORCHID**—Orchid-lavender.

**SNOW**—Snow-white.

Bushy, 3-yr. plants ready to bloom, \$2.00 each; 3 for \$5.50; 6 for \$10.00.

### NEW HYBRID RHODODENDRON

The aristocrats of broad-leaf evergreen shrubs. Perhaps no other flowering bush makes such a spectacular show or creates more interest than these new hybrid Rhododendrons. Ideal for foundation planting on the east or north side of the house, or for specimen or group plantings, in any partially shaded location in the garden. They require acid soil, and it is always best to mix a liberal amount of peat moss or rotted oak leaves into the soil at the time of planting, and to add a mulch of either leaves or peat moss—a little each year, preferably in the fall. This will furnish the proper soil condition that they need. At maturity, these handsome shrubs will attain a height of 4 to 6 feet. Plants offered are grown from seed of the finest new reds. No doubt, of course, that these varieties will show some variations in color; therefore, the plants offered are not guaranteed as to color, but we can assure you that whatever color you get, it will be fascinating and most beautiful. 3-yr.-old, plants 10 to 12 in. high, \$2.00 each; 2 for \$3.50; 4 for \$6.00; 12 for \$15.00.

### PIERIS JAPONICA

Japanese Andromeda; Lily-of-the-Valley Shrub. One of the loveliest shrubs. Graceful sprays of flower buds formed in late summer. Later the foliage assumes glorious bronzy tints. Early spring buds open into creamy white flowers resembling lilies-of-the-valley. Develops into a lovely specimen, shade or sun. Grows to about 5 ft. Nice young plants, 10-12, \$1.00 each; 6 for \$5.00.

# **\$1.00 Bargains 25-75% Savings on Regular Prices \$1.00**

We have a good supply of these plants and bulbs, and are offering them at a great saving—same high quality as we send out on our regular orders. All items must be ordered as shown, with no changes. Any of these offers may be withdrawn without notice, and are good only as long as our supply lasts.

**Order as many offers as you wish, any 6 offers for \$5.00. No further discount may be deducted from these prices.**
